AN EXPRESSION OF EXQUISITE TASTE

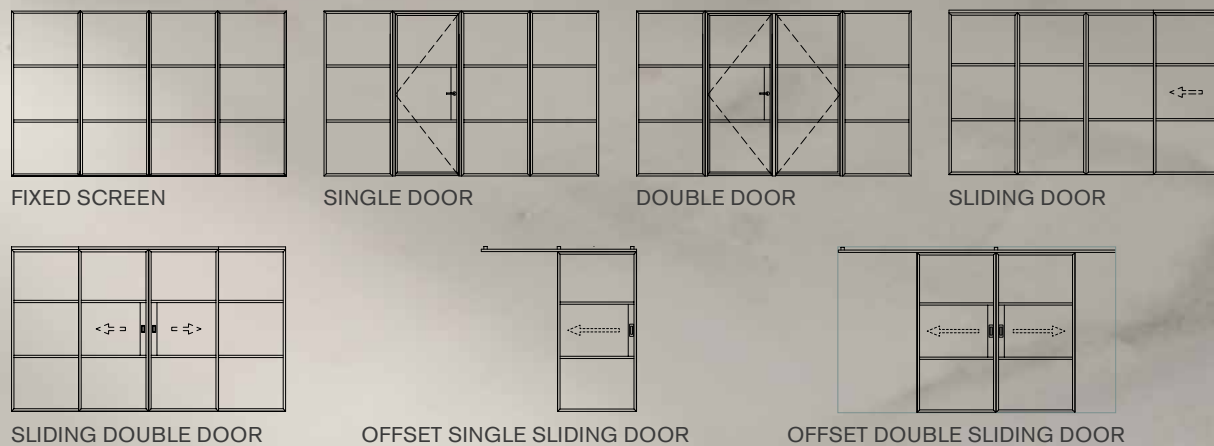

The Tatler & Nordhoff Interior Door and Screening System offers an elegant and sleek design to transform any space into a light and airy environment. This versatile system can be tailored to fit both residential and commercial settings, whilst also providing an effective acoustic barrier.

The Tatler & Nordhoff System offers a variety of options, including hinged single and double doors, as well as a sliding option. This allows for almost limitless design possibilities, making it a

flexible and versatile choice for any project. With visible hinges or concealed sliding mechanisms, the Tatler & Nordhoff system can be customised to meet any design style.

Not only is the system visually stunning, it also requires minimal maintenance and provides many years of reliable and robust performance. Choose Tatler & Nordhoff for an interior screening solution that combines style, versatility, and durability.

Configurations

A HINGED DOOR WITH ELEGANCE & VERSATILITY

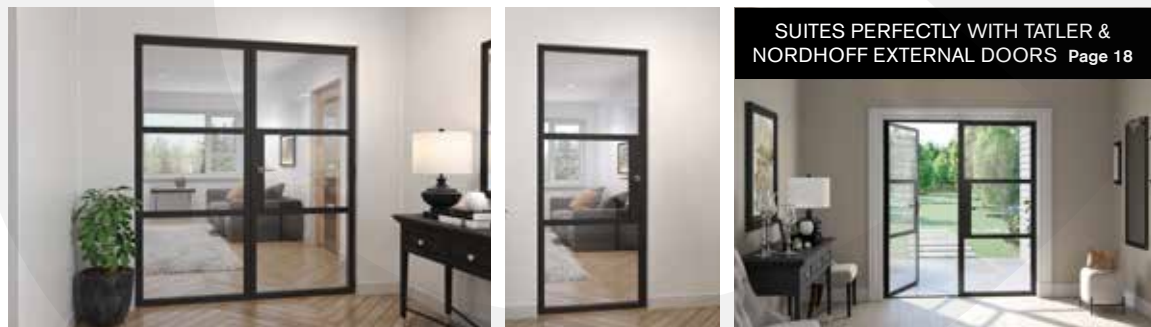

From traditional to contemporary, find your perfect design with our wide range of width, glazing, hinge, and furniture options.

The Tatler & Nordhoff Internal Hinged Door is a stylish and functional addition to any modern interior. Its sleek aluminium frame provides a minimalist aesthetic, while its hinged design allows for easy operation and access between rooms.

The door's sturdy construction ensures both durability and long-lasting performance, making it a reliable choice for residential and commercial applications.

The Tatler & Nordhoff Internal Hinged Door is also highly customisable. Its flexible design allows for both single and double door configurations, making it ideal for a variety of room sizes and layouts.

With its combination of style and functionality, the Tatler & Nordhoff Internal Hinged Door is the perfect choice for those seeking a modern and versatile door solution.

INTERNAL COLLECTION

SPACE DIVIDED, PEACE PROVIDED: TATLER & NORDHOFF INTERNAL SCREENS

Features

The Tatler & Nordhoff internal screening system is made of high-quality aluminium, which is known for its durability and strength. The system is designed to be suspended from a top track, allowing for easy movement of the panels.

Suitable for spaces within your home or commercial environments, Tatler & Nordhoff internal screens effectively divide spaces, providing some acoustic protection and creating a highly attractive indoor space.

Benefits

One of the primary benefits of the Tatler & Nordhoff internal screening system is its ability to provide privacy. The screen allows natural light to enter the home while providing an effective barrier against noise from other rooms. Perfect for homeowners who live in open plan living areas and wish to create a private space or home office.

The Tatler & Nordhoff internal screening system is also easy to maintain. The screens are easy to clean, and the system does not require any painting or treatment. This makes it a low-maintenance solution that can save homeowners time and money.

INTRODUCING TATLER & NORDHOFF EXTERNAL WINDOWS AND DOORS

With utmost care and attention to detail, we bring a touch of timeless heritage and steel-inspired elegance to every project. Tatler & Nordhoff doors and windows are not only aesthetically pleasing but also a practical choice for conservation areas and projects that prioritise maintaining an authentic and heritage style beauty.

TATLER & NORDHOFF

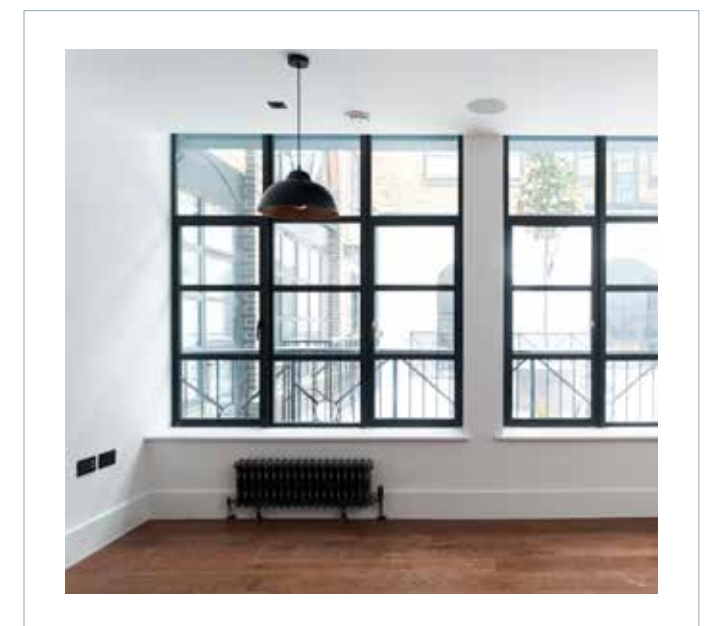

EXTERNAL COLLECTION

A high strength and Thermally efficient alternative to traditional external steel window and door systems

One of the fastest growing trends in glazing, the inspired design of industrial look Crittall style doors and windows is becoming more and more popular with homeowners.

Made in Britain, Tatler & Nordhoff steel look doors and windows come with classic features, including; a handle backplate, bottom kick plate and slim horizontal and vertical glazing bars to complete the iconic industrial finish look, perfect for listed buildings, heritage and conservation areas and for the most stylish homes.

- Thermally broken doors and windows
- Independently security tested to exceed industry standards

TATLER & NORDHOFF
HARDWARE & COLOURS

We use the Brisant Secure handle as standard on our bifolding doors. The smooth curved edgeless form of this handle not only looks good but offers a level of security which is hard to beat as it is impossible for mole grips or pliers to grip. This coupled with leading anti corrosion performance, **30 times better** than the required standard, means that the handles you supply will continue looking sweet for years to come – Brisant are so convinced they **guarantee this for 20 years!**

Handles available in Anthracite, White, Gold, Stainless Steel, Black, Chrome and Rose Gold.

WELCOME TO OUR EXQUISITE RANGE OF TATLER & NORDHOFF ENTRANCE DOORS

Whether you're seeking a modern, traditional, or classic front door, or even a new back door, we have it all covered in our Knightsbridge and Mayfair range. With a vast selection of colours, accessories, and glazing designs, you have the freedom to customise your door to perfectly match your personal style.

THE ALL ALUMINIUM COMPOSITE DOOR

Strong and Durable

The strong and durable powder coat finish will be much more resilient to chips, scuffs and scratches than painted doors.

Outstanding UV Resistance

Our high-quality powder coating process means your door will stay bright and vibrant for longer. It won't ever fade, rust or need re-painting.

Outstanding Protection

When it comes to your safety and security, we've got you covered. We've collaborated closely with the most reputable security experts in the industry to develop a comprehensive line of doors that go above and beyond the established benchmarks.

Virtually Maintenance Free

Simply wiping your door and frame with fresh water and a light detergent once a month is all that is needed to prevent the build-up of dirt.

You can trust that our Tatler & Nordhoff Knightsbridge doors are designed and built with the customers' utmost protection in mind, so you can have peace of mind knowing that you're installing safe and secure entrance doors.

- Multi-point locking mechanisms that make them incredibly secure against forced entry attempts
- Security tested to PAS24: 2016
- High-quality, anti-bump, anti-pick, and anti-drill locks
- Precision-engineered aluminium frames that provide exceptional strength and durability

Tatler & Nordhoff Guarantee

We understand how important it is for our customers to enjoy complete peace of mind when making door purchases. That's precisely why we offer an extensive range of guarantees that cover everything from the paint finish and construction to the hardware and glazing of our Knightsbridge Doors.

TATLER & NORDHOFF

KNIGHTSBRIDGE DOORS

A STYLE FOR EVERY PROPERTY

From sleek and modern to timeless and classic, we've created a variety of designs to suit every style preference while ensuring maximum security. Whether you're looking for a front or back door, our Tatler & Nordhoff Knightsbridge door range offers the perfect solution for your needs.

Our Knightsbridge doors are available in a range of colours and styles, making it easier for you to choose the right design for your property. We are confident that our doors will coordinate beautifully with your home, both inside and out, enhancing their kerb appeal and overall value.

CARNABY | TN3001

A modern classic providing elegance and style, allowing light to flood into the home.

LANSDOWN | TN3002

Three glazed panels add an interesting design twist to this stylish, modern entrance door.

MILLBROOK | TN3003

A timeless classic, this solid entrance door oozes sophistication and style.

WOODCHESTER | TN3001

This fabulous new back door delivers all the benefits of its front door counterparts.

BROADFIELD | TN3002

The traditional Broadfield design brings a perfect country cottage look to any home.

HARLEY | TN3003

The traditional Harley design evokes the idyllic ambiance of a country cottage

TATLER & NORDHOFF

THE PERFECT BLEND OF STYLE AND EFFICIENCY

Unobstructed Sky Views

The low-profile 20° pitch and specially designed cappings maximise your view of the sky, ensuring an immersive experience beneath the Tatler & Nordhoff Thermal Lantern Roof.

Discreet Style

The discreet black finish of the perimeter beam ensures that when viewed from above, all you'll see is glass, creating a sleek and unobtrusive appearance.

British Engineering Excellence

Tatler & Nordhoff represents high-quality British engineering at its finest, promising durability and performance that meet the highest standards.

Innovative Thermal Break Technology

The fully thermally broken lantern roof utilises innovative thermal break technology to keep your space warm in winter and cool in summer, enhancing energy efficiency.

Ultra-Low Conductive Elements

Each element of the lantern features ultra-low conductive elements that separate the inner and outer aluminium skin, reducing heat transfer and lowering heating bills.

Customisable Colour Options

Tatler & Nordhoff Lantern Roofs are available in bespoke RAL colours, giving you the freedom to choose from a wide range of colour combinations to match or contrast your interior design.

Contemporary Style Choices

With options for Contemporary, 2 Way, or 3 Way bespoke designs and sizes up to 3m x 6m, Tatler & Nordhoff offers a modern look and the ultimate in minimalism by supporting the ridge solely with hip rafters.

Exceptional Performance

Tatler & Nordhoff allows ample natural light to flood your interior while maintaining outstanding thermal performance, ensuring your living space stays comfortable year-round. This high-end aluminium roof lantern system seamlessly combines function with architectural refinement.
